

Welsh Government Funding for Minority Ethnic and Gypsy, Roma, Traveller Learners

MEGRT Grant - Financial Year 2021 – 2022

Terms and Conditions:

The Purpose of the MEGRT funding is to support for Minority Ethnic and Gypsy, Roma and Traveller learners.

For 2021 onwards the principles for the grant have been agreed as:

- Inclusion – both into school and the wider community
- Equity – remove barriers and improve life chances
- Removal of barriers to accessing the curriculum - including a focus on language acquisition
- Improving attendance
- Engagement with learners, families and communities
- Training and capacity building in the school workforce
- Integration into education - including a focus on transition into school and between phases
- Support transition Post 16 into FE, training or employment

These principles are underpinned by flexibility for the LA to plan and deliver support based on an assessment of local need. This year WG have set out some more specific requirements. The LA must stipulate how it intends to support MEGRT learners through identifying: objectives; planned activities; and target outcomes against the agreed principles for the grant.

In Swansea, the majority of funding is released to schools. Schools were informed of their funding allocation in July (page 4). To support monitoring and accountability **all** schools with a funding allocation will need to complete a **spend plan** (page 2). The deadline for submission and release of funds is **Friday 15 October**. In addition, schools in bands 1 and 2 should have completed an evaluation activity with central staff.
